WELLNESS WORKSHEET 64

How's Your Diet?

- For each question, circle the plus (+) or minus (-) score(s) that best reflects your diet. If you circle more than one score, average them by adding the scores and dividing by the number of scores you circled.
 - For your final score, add your plus scores separately from your minus scores, then subtract your total minus scores from your total plus scores.
 - Keep the quiz as incentive. Take it again in a few months to see if your habits have improved.
