PROFESSIONAL PROFILE

- Results-oriented professional with more than 18 years of epidemiologic, research and program management experience.
- Skilled analytical problem-solver with the ability to translate regulatory requirements into achievable, measurable programmatic activities and tasks.
- Can develop the organizational structure, strategic planning documents, data collection tools and databases, presentations and reports for Quality Assurance/Quality Improvement and program evaluation projects and programs.
- Extensive experience in working with multi-disciplinary, community and government groups and organizations, federal and state regulations, and professional accreditation standards.
- Proficient in Web-based technologies, information dissemination and numerous word processing, database and statistical software packages.

EDUCATION

- **Master of Public Health.** Southern CT State University. New Haven, CT Health Education/Promotion [GPA: 3.925/4.00] SCSU Alumni Assn's Bessie Lee Gambrell Scholarship; State Health Department Internship
- **Bachelor of Science, Nursing.** Columbia University - New York, NY CU's full tuition scholarship; Women's Florist Association Scholarship; Dean's List, last 3 semesters
- **Associate of Arts.** The King's College, Briarcliff Manor, NY 10th in class of 200; TKC merit scholarship; Dean's List, Sophomore Year
- **Additional undergraduate courses:** General Anthropology, Motivation, Psychopathology, Social Psychology (City College of New York, 12 credits)
- **Additional graduate course:** Quality Improvement and Performance Measurement (Johns Hopkins School of Public Health, 2002)

SELECTED EDUCATION/TRAINING

- **CDC/American Evaluation Association – 7th Annual Summer Evaluation Institute** (2007 NACDD Travel scholarship)
- **CDC NHANES Survey Design Factors** (2007)
- **First Annual Northeastern Stroke Consortium** (NECC, 2006)
- **Know Stroke** (AHA, 2006)
- **Heart Disease and Stroke Prevention Practitioner's Institute** (CDC, 2005)
- **Second National CDC Prevention Conference on Heart Disease and Stroke** (CDC, 2004)
- **5th Scientific Forum on Quality of Care and Outcomes Research in CVD and Stroke** (AHA, 2004)
- **National Conference on Health Statistics** (CDC/NCHS, 1999-2008)
- **Pri-Med Conferences** [1999 – 2008]
- **Introduction to Geographical Information Systems for Public Health Applications** (CDC/ASTI, 1998)
- **Utilization of Data by Public Health Managers** (CDC/ASTI, 1997)
- **Assessing Effectiveness & Cost-effectiveness of Public Health Prevention Interventions** (American

LICENSURE/CERTIFICATION/ COMMISSION

- **Registered Professional Nurse, CT** (1989-Present), previously licensed in MS and NY
- **Certified Health Education Specialist** (NCHEC), since 1990
- **State of Connecticut Notary Public**, Commissioned 2004
- **Health Information Institute – Credentialed Health Information Web site Rater** 2006
- **Basics of Survey Research** (CDC/NCHS/ASTI, 1996)
- **Quality Management** (LTU Extension, 1995)

PROFESSIONAL EXPERIENCE

TEACHING

Southern Connecticut State University/Department of Public Health. New Haven, CT

- **Adjunct Faculty – Lecturer C (9/1998- Present)**
 - Undergraduate: PCH 201 Wellness
 - Undergraduate: PCH 202 Introduction to Public Health (University Writing Course)
 - Undergraduate: PCH 242 Introduction to Epidemiology
 - Graduate: PCH 588 Community Health Education II
- **Adjunct Faculty – Thesis/Special Project Advisor (9/1998-5/2006)**
 - Graduate: PCH 590 Thesis Seminar I
 - Graduate: PCH 591 Thesis Seminar II
 - Graduate: PCH 593 Special Project Seminar I
 - Graduate: PCH 594 Special Project Seminar II
- **Guest Speaker (1999 - Present)**
 - CHES Exam Preparation Course – Assessing Individual and Community Needs
 - Public Health Career Trajectory Panel Discussion
 - Computer Skills for Health Professionals: Internet and Epi Info
 - How to Search for a Job with a degree in Public Health
 - Resources on the Internet @ <http://www.bettycjung.net>
 - MPH Orientation – Career and Academic Objectives
- **Assistantships (1991-1992, 2001)**
 - University Assistant/Webmaster – CAMP Web site
 - Graduate Epidemiology teaching assistant (1992)
 - Graduate Assistant – PCH 100 and MPH program (1991)

University of Pittsburgh/Internet

- **Internet Lecturer (1999 – Present)**

- A Brief Introduction to Epidemiology Lecture Series. <http://www.pitt.edu/~super1/courses/epi3.htm>
Currently offered at numerous academic/research institutions around the world. Lectures are also available in Spanish and some in Chinese. (<http://www.bettyjung.net/Bite.htm>)

Albertus Magnus College. Department of Continuing Education Accelerated Degree Program. New Haven, CT

- **Instructor (1995-1996)**
 - Biology of AIDS (Stewart B. McKinney AIDS Counseling Certificate Program requirement)

CONSULTATIONS

- **Medical Policy Consultant. Anthem, Inc. North Haven, CT (April-May 2003).**
Researched and developed Meniscal Transplantation Medical Policy; evaluated the risk assessment capabilities of various DRG-based classification systems; Developed visual presentations of the Medical Policy Process.
- **Lead Consultant (Cardiovascular Disease Consultant Team; Diabetes Consultant Team). Member: Public Health Informatics Network (PHIN) Team; Chronic Disease Epi Essentials Functions Workgroup. Council of State & Territorial Epidemiologists (CSTE). Atlanta, GA (2002 – Present)** Responsible for developing technical responses to CSTE requests. Developed Web-based structures for team management and information dissemination. Developed and maintains CVD and Diabetes resources pages. A co-author of “Essential Functions of Chronic Disease Epidemiology In State Health Departments.”
- **Research/Computer Consultant. Norwalk Health Department, Norwalk, CT. (1998-1999; 2006)** Developed database and analyzed results of their Norwalk Healthy Family Survey (400+ surveys); conducted significance testing of 3 years of BMI data.
- **Co-Consultant (Healthy People 2010 Consultant Teams). Council of State & Territorial Epidemiologists (CSTE). Atlanta, GA (1999 – 2001)** Responsible for developing technical responses to CSTE requests. Developed resource Web page.
- **Alternate Consultant (Environmental Health; HIV/AIDS; Injury/Occupational Health; Managed Care; Public Health; Public Health Training; Surveillance). Council of State & Territorial Epidemiologists (CSTE). Atlanta, GA (1996 – 1999)** Responsible for developing technical responses to CSTE requests. Also, served on consultant teams for: Cancer, Chronic & Infectious Diseases cross-cutting issues, Informatics, Managed Care, Maternal Child Health, Occupational Health, Public Health Prevention Services, Public Health Training, Tobacco, Research Confidentiality, Surveillance.
- **Database/Technical Consultant. CT Department of Public Health. Hartford, CT. (1995-2001)** Created and implemented agency-wide OSHA occupational disease and injury database for the agency’s Health and Safety Committee.
- **Program and Public Health Surveillance Consultant. National Institute of Occupational Safety & Health (NIOSH)’s ABLES Program. (1994-1998)** Responded to NIOSH referrals for program development and surveillance technical assistance. Provided program and technical expertise to 19 state health departments and the country of Colombia.
- **Survey Research Consultant. Columbia University Presbyterian Hospital School of Nursing Alumni Association Inc. New York, NY. (1994-1995)** Created nursing alumni assessment survey, analyzed results, wrote and disseminated report.
- **Health Promotion Consultant. Masonic Home. Wallingford, CT. (1991)** Assisted in conducting a focus group session of certified nursing aides to identify sources of stress.
- **Volunteer Research Analyst. SCSU Department of Public Health. New Haven, CT. (1993-Present)** Developed and conducted graduate alumni surveys; reviews Department's documents – handbooks, guidelines, manuals, and accreditation-related materials.

Epidemiologist III. Connecticut Department of Public Health. Planning Branch. Health Information Systems and Reporting Section. Hartford, CT. (7/2005-6/2009)

- Funded by the CDC Heart Disease and Stroke Prevention Program (HDSP) as the state's Cardiovascular Epidemiologist (2003- 2009), and the CDC Diabetes Prevention and Control Program (DPCP) as the state's Diabetes Epidemiologist. Ensures evaluation plans are part of all cardiovascular and diabetes program activities and interventions.
- Funded by the CDC Prevention of Viral Hepatitis Among High Risk Youth Through Integration as the program evaluator (July-September 2007). Compiled evaluations form, developed database for the STOP Hepatitis Mobile Theatre intervention, and developed an Access database for the Tell Me What You See Pilot Curriculum Program for entering data from 19 different forms.
- Developed and maintains state maps of Primary Stroke Centers and HeartSafe Communities (2008 - 2009) and created a map of the distribution of licensed neurologists in Connecticut.
- Developed and maintained an in-house Web-based Cardiovascular Health (CVHSS) and Diabetes Surveillance Systems (DBSS) [2003-2007] until the Heart Disease and Stroke Surveillance and Diabetes Surveillance Webpages were developed for the Department's Web site.
- Lead for the CVH (Heart Disease and Stroke Prevention) Epidemiology Work Group that provided information and updates for the State's CVD Burden Document (April 2005 –April 2009). Piloted Healthy People 2010 agency template (2006). Provides epidemiologic and program evaluation expertise to the HDSP, the DPCP and other department grant applications and initiatives.
- Appointed to: CDC's Cardiovascular Health and Business Workgroup (2005 - 2008); CDC's 2005 Heart Disease & Stroke Prevention Institute Planning Committee (2005); Connecticut Genetics Planning Team (June 2004 – June 2009), DPH Stroke Team (February 2005 – June 2009), DPH Quality in Health Care Advisory Committee (February 2005 - 2009), DPH Grants and Contracts Workgroup (July - December 2005); DPH CVH State Plan Executive Committee (2005 - 2009); Diabetes Data & Surveillance Workgroup (2005 - 2009); Genetics Education and Workforce Development Workgroup (2006 - 2009); Genetics Education – Nurses Subcommittee Lead (2006) ; DPH Diabetes State Plan Surveillance Workgroup (2005-2007); DPH Cardiac Care Data Committee (2006 - 2009); ConnectiFIT Survey Subcommittee Co-lead (2006 – 2007); Stroke State Plan – Rehabilitation Workgroup Co-chair (2007); 2009 Stroke Conference Planning Committee (2008 -), various DPH program RFP review committees. Member of NACDD Diabetes Council – Act on Data Workgroup (2008 - 2009), CVH Council Communications Committee (2008 - 2009), CDC High Blood Pressure Community of Practice (2009).
- Awarded National Association of Chronic Disease Directors Diabetes Council Travel Scholarship (2007).
- National Presentations: Working with Epidemiologists (2005); Implementing Gestational Diabetes Surveillance in Connecticut (2009).
- National Poster Session: Developing A Community-friendly State Cardiovascular Web Site with Input from Internal and External Partners (2004).

Epidemiologist III. Connecticut Department of Public Health. Planning Branch. Health Information Systems and Reporting Section. Hartford, CT. (3/2005-7/2005)

- Funded by the CDC Cardiovascular Health Program (CVH) as the state's Cardiovascular Epidemiologist. Ensures evaluation plans are part of all program activities and interventions.
- Developed and maintains the Web-based Cardiovascular Health Surveillance System (CVHSS), integrating the CVH Surveillance Databank, CVH MIS and CVH Research Surveillance ACCESS database into a Web-based management information system.
- Lead for the CVH Epidemiology Work Group that revises and updates the State's CVD Burden document (April 2005 –).

- Appointed to: CDC's 2005 Heart Disease & Stroke Prevention Institute Planning Committee (2005); Connecticut Genetics Planning Team (June 2004), DPH Stroke Team (February 2005), DPH Quality in Health Care Advisory Committee (February 2005).

Epidemiologist III. Connecticut Department of Public Health. Bureau of Community Health. Division of Health Information Systems and Reporting. Hartford, CT. (5/2004-3/2005)

- Funded by the CDC Cardiovascular Health Program (CVH) as the state's Cardiovascular Epidemiologist. Ensures evaluation plans are part of all program activities and interventions.
- State Cardiovascular Health Web site project manager (developed content document that was approved by bureau chief) [2003-2005]; Get with the Guidelines project manager (drafted and completed the contract and amendment to subsidized hospital participation. Contract executed 1/2005) [2003-2005]; BRFSS contract manager [2003-2005] for CVH program.
- Developed and maintains the Web-based Cardiovascular Health Surveillance System (CVHSS), integrating the CVH Surveillance Databank, CVH MIS and CVH Research Surveillance ACCESS database into a Web-based management information system.
- Responds to general public inquiries regarding cardiovascular disease and provides epidemiologic, research, evaluation and technical expertise to program staff and contractors. Conducts epidemiologic investigations.
- Appointed to: CDC's 2005 Heart Disease & Stroke Prevention Institute Planning Committee (2005); Connecticut Genetics Planning Team (June 2004), DPH Stroke Team (2005).

Epidemiologist III. Connecticut Department of Public Health. Bureau of Community Health. Division of AIDS and Chronic Diseases. Hartford, CT. (8/2003-5/2004)

- Funded by the CDC Cardiovascular Health Program (CVH) as the state's Cardiovascular Health Epidemiologist. Provides program evaluation and medical expertise and epidemiological surveillance support to the CT CVH program. Supervises 2 Epidemiologist 1s and student interns.
- State Cardiovascular Health Web site project manager; Get with the Guidelines project manager; BRFSS contract manager for CVH program.
- Developed and maintains (1) CVH Surveillance Databank that compiles cardiovascular and cerebrovascular data for program development, implementation and evaluation; (2) CVH MIS for tracking program activities, (3) CVH Research Surveillance ACCESS database for monitoring latest CVH and associated risk factors research. Introduced a more streamlined process for vendor Web site design and development.
- Responds to general public inquiries regarding cardiovascular disease. Formed the In-house data group comprising of 15 programs interested in the sharing of in-house data.
- Appointed to Connecticut Genetics Planning Team (March 2004).

Epidemiologist III. Connecticut Department of Public Health. Bureau of Community Health. Division of Health Education and Intervention. Hartford, CT. (6/2003-7/2003)

- Funded by the CDC Breast and Cervical Cancer Program.
- Compiled Breast and Cervical Cancer statistics and Internet resources.
- Supervised Diabetes Program and WiseWoman Program epidemiologists in research and database tasks.

Associate Research Analyst. Connecticut Department of Children & Families. Bureau of Quality Management. Division of Quality Assurance. Hartford, CT. (3/2001-1/2003)

- Division Research Project Leader – supervised 10 Social Work Supervisors, 3 Child Services Consultants, and 3 CPRU Social Work Supervisors in research activities and tasks. Developed research team assignments and timelines for completion of 33 studies in two years' time.
- Research analyst Team Leader – supervised 2 Associate Research Analysts in providing analytical support to four research teams.
- Oversaw the implementation of all research-based aspects of division study projects.

- Created and maintained ACCESS surveillance database for tracking and monitoring the progress of the agency's Quality Assurance Plan (IMPROVE Plan) Work Plan activities.
- Created and maintained Division Web-based Electronic Resource Library and Photo Gallery.
- Revised and adapted Agency's Quality Assurance Plan to conform to federal court requirements.
- Wrote the Department's 2001-2003 IMPROVE Plan, the Department's 2002-2003 IMPROVE Plan Interim Work Plan (agency's quality assurance plan) and the Division's Research Protocol for conducting focused review studies.
- Refined the quantitative measures for the agency's Quality Index.
- Identified agency's outcome measures reporting for division tracking activities.
- Developed a continuous quality improvement model for the coming cycle's Quality Assurance Plan to meet standards set by child welfare professional organizations and federal oversight agencies.
- Developed research protocol documentation (data dictionaries, data collections tools, field manuals) for all research studies.
- Reviewed all division research proposals and wrote the Limitations and Methodology sections for all study reports.
- Conducted pilot tests, sampling procedures, developed and finalized databases for all studies.
- Research reports written: 2002 Out-of-State Placement Study's Social Worker Survey; Provider Survey; Multicultural Advisory Council's Diversity Initiative Assessment Survey; Methodological Evaluation Report of the Connecticut Juvenile Training School Report.
- Responded to data requests, critiqued agency research reports, and conducted technical staff training.
- Appointed by the Commissioner to serve on the Agency's Multicultural Advisory Council (2002) upon QA Division Director's recommendation. Served on agency's Data Management Working Group.

Health Program Associate. Connecticut Department of Public Health. Bureau of Community Health. Division of Family Health. School & Primary Health Unit. Hartford, CT. (8/1998 -3/2001)

- Funded by Maternal & Child Health Block Grant
- Coordinated division-wide program and technical activities for staff of 49. Agency-wide Web-based DataSpeak Coordinator.
- Unit Data Specialist – technical and program expertise for the Unit's 14 programs/projects.
- Developed four menu-driven information systems: Unit Management Information System (UMIS), Community Health Centers Management Information System (CMIS); CHC Portable Data Entry System (CHCPDE) and Oral Health Management Information System.
- Division Intranet/Extranet/Internet expert. Created and managed Division Intranet, Division Extranet and Family Health Cyber-Library used by entire bureau.
- Developed strategic planning, TQM, data management documentation and manuals to meet federal funding requirements to achieve programmatic outcome measures.
- Developed conference survey tools, analyzed results and wrote evaluation reports that met professional standards for offering continuing education credits.
- Conducted statewide computer needs assessment of community health centers (100% response rate) and assessment of family planning services for minority populations.
- Member of Agency Elite Decontamination Team, DPH Affirmative Action Employee Advisory Committee (1998-2001) - Appointed to chair News Subcommittee to oversee the Affirmative Action Quarterly Newsletter (2001), Bureau Internet Committee, and Division Data Workgroup.

Director. SCSU Alumni Association, Public Health Alumni Chapter – Alumni Surveys Program. New Haven, CT. (9/1994 – Present)

- Director of the Public Health Alumni Chapter's Alumni Surveys Program, which oversees the BS Accreditation and MPH Accreditation Committees (6/2007 -). Developed program documentation and protocols for the conduct of alumni surveys to meet CEPH academic program accreditation

standards. Developed BS and MPH alumni surveys and their administration protocols. Co-chairs the BS Accreditation Committee.

- MPH Accreditation Committee (9/1994 -). Principal investigator. Chair (1994 – 2007), Co-chair (2007 -). Interfaces with academic, alumni and other administrators.
- Implemented the requirements of the national professional organization, Council on Education for Public Health (CEPH) for program accreditation.
- Defined and integrated the alumni role through the creation of the MPH Accreditation Committee to meet national accreditation standards.
- Developed data collection forms, four-survey protocol and schedule, telephone follow-up protocol, peer review protocol and relational database for storing and analyzing MPH alumni data.
- Conducts annual gathering and analyses of alumni data. Writes and disseminates annual reports.

Epidemiologist II. Connecticut Department of Public Health. Bureau of Community Health. Environmental Epidemiology and Occupational Health. Occupational Health & Special Projects Section. Hartford, CT. (1/1993- 8/1998)

- Funded by five grants: US Preventive Health and Health Services Block Grant (1998), US Public Health Service/CDC/NIOSH ABLES Grant (1992-1998); Federal HUD (1995-1998); US Public Health Service/NIOSH/CRISP (1992-96); US Public Health Service/NIOSH/Lead in Construction Evaluation Project (1994-1995).
- CT Adult Blood Lead Surveillance Program's Adult Lead Registry & Case Management Coordinator (1994-1998) for NIOSH's ABLES Program. Monitored mandatory reporting of state-licensed laboratories and physicians. Oversaw the data quality of several statewide lead-related databases. Performed public health intervention and case management. Generated surveillance, case management, and statistical and programmatic data reports
- HUD Core Consultant Team Epidemiologist (1995-1998). Administered worker protection components - coordinating the reporting of five municipalities and lead abatement licensed contractors, and making referrals for public health enforcement. Developed lead-related resource/educational materials (community center screening sites listing, DPH/OSHA joint-agency documents; a physician education information packet).
- Yale University's CT Road Industry Surveillance Project (CRISP) Data Manager (1992-96).
- NIOSH's "Evaluating the Lead in Construction Standard Project" Data Manager (1994-1995).
- Developed and conducted Benchmark Survey of state health department lead surveillance programs for NIOSH, and presented results at national meeting.
- National meeting presentation topics: Case Follow-up; Model for Evaluating the Effectiveness of Case Follow-up Interventions in Achieving Surveillance Goals; Linkages for Surveillance of Certified Construction Workers; Verifying and Tracking Certified Lead Abatement Workers; Evaluating Lead Trends – Connecticut; Setting and Operating a State Lead Surveillance Registry;
- Performed medical record abstractions for Birth Defects Registry.
- Wrote FY98ABLES Continuation Grant that was funded by NIOSH.
- Appointed by Commissioner of Health to DPH's Affirmative Action Employee Advisory Committee (1998). Member of NIOSH 1996-98 Annual Meeting Planning Committees; DPH Safety & Health Committee (1994-1996), Occupational Health Working Group (1993-1998), Healthy People 2000 Program Committee, CRISP Medical Advisory Committee (1993-1995).

Epidemiologist I. Connecticut Department of Public Health. Bureau of Community Health. Environmental Epidemiology and Occupational Health. Occupational Health & Special Projects Section. Hartford, CT. (3/1992- 12/1993)

- Managed Occupational Health Surveillance's four main databases: Adult Lead, CRISP, Survey of Companies Using Lead and Occupational Disease.
- Designed and implemented: data management systems; written protocols for data entry/maintenance, adult lead and industrial hygiene follow-up; reporting notification procedures; company referrals; ongoing mail survey of lead-poisoned adults.

Cooperative Education Intern. Connecticut Department of Health Services. Bureau of Health Promotion. Environmental Epidemiology and Occupational Health. (5/1991-2/1992)

- Developed physician, mail and telephone surveys to assess public and hospital screening activities; standardized lead data collection forms; physician screening guidelines.

ADMINISTRATIVE/ORGANIZATIONAL

Program Director. Public Health Expertise Network of Mentors [P.H.E.N.O.M.]

(9/1993 - Present)

- Oversees a Web-based network of Public Health mentors, with 48 volunteer mentors for the 2009 – 2010 academic year. Mentoring program is part of the international Peer Resources Network organization. An expansion of 1993-2002 Public Health Alumni Mentor Program. To date, 105 public health professionals have participated in this program.

Coordinator. CT EPI INFO Support Network. Connecticut Department of Public Health. Hartford, CT. (1994)

- Created a state-wide technical support network for local and state health department personnel using CDC's software program, Epi Info.

Administrative Positions. SCSU Public Health Alumni Chapter. New Haven, CT

(4/1994 – Present)

- **Scholarship Developer (1997 – Present)** Facilitated the establishment of the Danny Gonsalves and Dr. A Kay Keiser/Public Health Chapter scholarships at Southern Connecticut State University.
- **Service Committee Chair. (1994 – Present)** Oversees three service programs: P.H.E.N.O.M., Public Health Alumni Speakers' Bureau (1997-2003), and Alumni E-mail Directories (1997-2003).
- **Electronic Mailing List Administrator/Editor. (2000 - 2001)** Public Health E-News Bulletin. . Developed & disseminated monthly electronic newsletter to subscribers around the world. Expanded to general public in 2001.
- **Program Director. Public Health Alumni Speakers' Bureau. (1997-2003)** Developed and disseminated annual brochures to public health faculty members. Submitted annual reports to Alumni Association. To date, 13 alumni have participated
- **Program Coordinator. Public Health Alumni Mentor Program. (1993-2003)** Provided school and career counseling services to SCSU community. Developed and disseminated annual brochure. Submitted annual report to Alumni Association. Fifty-three alumni have served in this program.
- **Founder/President. (1994-98)** Elected to two 2-year terms as Chapter's first president. Developed by-laws; Implemented first chapter scholarship; conducted eight surveys; submitted five annual reports. Chaired Chapter's Executive Committee.
- **Interim President. (1994)** Submitted written proposal for an alumni chapter. Served as transitional officer. Developed mission, short and long-term goals and objectives. Formalized SCSU's first alumni chapter.

Student Intern. North Central District Health Department. Enfield, CT. (2/1992-8/1992)

- Worked on special projects for CT's Lead Poisoning Prevention Program. Researched pediatric lead screening services.

Treasurer. Bailey Avenue Tenant Association. Bronx, NY. (1976-1977)

- Managed the association dues paid by 60 families.

Administrative Assistant. Columbia University Maxwell Hall. New York, NY (1968-69)

- Provided clerical, planning and technical assistance to the nursing residence director.

Webmaster (1999 - Present)

- <http://www.bettycjung.net> Listed by Open Directory Project, HonCode and cited as “Praise-Worthy” by Consumer WebWatch (2003). Achieved 1 million hits in 5 years.
- <http://www.bettycjung.net/Phenom.htm> P.H.E.N.O.M. mentoring program.

Web Administrator (1999 - Present)

- Public Health Web Ring
- Public Health Expertise Network of Mentors (P.H.E.N.O.M.) Program Director (July 2002 -) Part of the international Peer Resources Network and Epi Center’s Effective Practices National Service Database.
- Public Health E-News Electronic Mailing List. Recommended by Columbia University’s Mailman School of Public Health.
- Public Health Jobs Electronic Mailing List. Recommended by the University of Michigan’s School of Public Health.

Web site Rater (2006 -)

- Credentialed Health Information Web site Rater, Health Improvement Institute. Health Website Ratings Project.

Web Design Consultant (2002)

- Columbia University Presbyterian Hospital School of Nursing Alumni Association, Inc.

University Assistant/Webmaster. Southern Connecticut State University/ Department Of Public Health. New Haven, CT (2001)

- Developed a Web site for Council of Accredited MPH Programs (CAMP) organization, and provided temporary housing of this site till it found its own domain in 2006.

Intranet/Extranet Administrator. State of Connecticut. Hartford, CT (1998-2003)

- **Department Of Children & Families** (3/2001-1/2003) - Created & maintained Division’s Web-based Resource Electronic Library and Photo Gallery
- **Department Of Public Health** (8/1998-3/2001) - Division Intranet/Extranet/Internet expert. Created and managed Division Intranet, and Division Extranet. Family Health Cyber-Library. Bureau Internet Committee (1999-2000).

WRITING

Electronic Mailing List Administrator/Editor. (2001 - Present) (1) Public Health E-News (550+ subscribers). Monthly electronic newsletter, recommended by Columbia University’s Mailman School of

Public Health; (2) Public Health Jobs E-list (1,100+ subscribers). Ad hoc electronic newsletter, recommended by the University of Michigan's School of Public Health.

Editor/Web Publisher. MPH Alumni Record. (1995-Present) Created and developed compilation of SCSU's MPH alumni's career achievements. Converted document into a Web-based document and published it on the Net (2000).

Abstract Reviewer. Partnerships for Health in the New Millennium Conference - Launching Healthy People 2010 (1999)

Book Reviewer. American Journal of Health Behavior (1996-); Data Quality (1994-1998); Health Values (1994-5); Vanguard (2000-); Women & Health (1997-)

Contributing Editor. Episource, A Guide to Resources in Epidemiology (1997-2001).

Staff Writer. Connecticut Department of Public Health, Diabetes Partners in Prevention (2006 – Present); Occupational Airways Newsletter. (3/1996 – 8/1998)

Editorial Advisory Board. Data Quality (1994-1998)

Health Columnist. Baldwin Newcomers Club Newsletter. Baldwin, NY (1977-1985)

Manuscript Review Board. Journal of Clinical Outcomes Management (JCOM) (1995-Present)

Manuscript Reviewer. CA EPA/Office of Environmental Health Hazard Assessment: "Carcinogenic Effects of Exposure to Environmental Tobacco Smoke" (1996), "Environmental Tobacco Smoke Exposure Measurements and Prevalence" (1995); "Developmental and Reproductive Effects of Exposure to Environmental Tobacco Smoke" (1994); Public Health Reports (1997-); Women's Health in Primary Care (1998-)

Pilot Reviewer. NDEP (2007) Capacity Building for Diabetes Outreach: A Comprehensive Toolkit for Organizations Serving Asian American and Pacific Islander Communities. CDC Public Health Training Network. (2002 -). Salmonella in the Caribbean (2007); Gastroenteritis at the University of Texas (2005); You Call the Shots: Influenza (2006); Module Three: You Call the Shots (2006); Module Two: You Call the Shots (2005); Module One: Understanding the Basics (2004); General Recommendations on Immunization (2004); Smallpox Vaccine Storage and Handling (2004); Plague (2004); Smallpox: What Every Clinician Should Know (2003); Legal Basis of Public Health (2002). ATSDR: Public Health Assessment Overview 3 - Evaluating Health Effects Data and Determining Conclusions and Recommendations (2007)

HEALTH CARE

Registered Nurse. Quinnipiac College. Student Health Services. Hamden, CT. (1998)

- Provided triage nursing care and generated health services utilization statistics.
- Developed and implemented computerized tracking system with automated statistical reporting.
- Issued the statistics for the 1997-1998 academic year-end report.

School Nurse. Nassau County School System. Long Island, NY. (1984-85)

- Substituted at 25 private and public schools - health screening, teaching health classes, from Kindergarten to 12th grade.

Charge Nurse. Babies Hospital - Pediatric Ward. New York, NY. (1974-1976)

- Dispensed medication and oversaw the nursing care regimen for 25-30 patients.
- Conducted admission interviews; supervised 3-6 co-workers.

Staff Nurse. Columbia-Presbyterian Hospital - Urology Ward. New York, NY. (1971-1973)

- Served in the capacity of Assistant Head Nurse 40% of work time - Scheduled and directed nursing care for 40-50 patients, supervised 4-16 co-workers.
- Conducted patient admission interviews, pre-operative teaching, discharge planning
- Provided post-operative acute nursing care
- Conducted orientation of all new employees
- Served as site preceptor for advanced nursing students
- Worked on committee to develop a surgical procedure manual.

Practical Nurse. Babies Hospital - Pediatric Ward. New York, NY. (1969-70)

- Provided nursing care to hospitalized children with varying severity of illness levels.
